WORK EXPERIENCE

HEB

Overnight stocker

San Antonio

August 2021- Present

- Work in a team of ~20 to efficiently stock 20-40 pallets of merchandise into designated departments, maintaining a pace of 60/boxes per hour.
- Maintain cleanliness and order in aisles and backroom by blocking 3-4 aisles a night, This also includes making bales and organizing pallets to maintain space in receiving.

Walmart

Cap2 Associate

San Antonio

June 2020-August 2021

- Work in a team of ~20 to efficiently stock 20-40 pallets of merchandise into designated departments, maintaining a pace of 60/boxes per hour.
- Trained 4 employees on standard procedure over the course of two weeks. This included stocking procedure, making bales, and logging back stock in the database.
- Unloaded 2-3 trucks of at least 500 box count to receiving on a daily basis.

PROGRAMMING EXPERIENCE

ParetOS

Open source application

[Github](#)

- Assisted in an open source project with a team of ~10 on a web application meant to help new developers connect and expand their knowledge by building accountable habits and streaks.
- Primarily helped in making the site more responsive to other viewports by fixing issues with mobile and tablet layouts, specifically reworking the navbar and other small user experience issues.

Time to shine Floor polishing

Local Business website

San Antonio

- Created an easy to navigate website for a local business dealing in floor polishing. The goal was to create a clear representation of the many types of flooring able to be serviced and the many pictures showing the work to customers.
